THINGS YOU MIGHT OVERHEAR AT M3

On May 30, the Merriweather Post Pavilion had what they deemed the "East coast's Rocklahoma" oops I mean the "East coast's Rocklahoma." It consisted of:

"I gotta hurry the hell up, Y&T is on." (Said to my friend Scott while he was using the urinal)

"It's a beautiful summer day and we're gonna play something about summer like it or not."

Y&T right before *Summertime Girls*

"Have you ever heard of us? We've only been around for 35 years." Y&T

Guy running towards the bathroom with his hand over his mouth like he's gonna hurl, points to Scott's shirt:

"Woo Cinderella!"

"Y'all back in the back the show's down here. Yoohool!" Kix

"It's a real honor to be invited to your party" Kix

"I have one question for you.....are you ready to.....Blow My Fuse? Y'all aren't shitting me now?" Kix

"Last time we played here we were supposed to open for The Tubes. They almost said we couldn't play because our backdrop was bigger than theirs. Our manager was like,

"this is Baltimore. And this is Kix. And if Kix don't play there's gonna be a riot."

"Anybody want a tic tac? I only got four left but if you eat one you'll probably get laid tonight." Kix

"Alright this is a Jetboy song I wrote about sex on an airplane. It's called Going Down in the Clouds."

"We were just crapping our pants on the way over here because Kix was only halfway through their set" L.A. Guns

"This is another song I wrote about a girl. I used to love this girl who lived in a trailer park but she didn't love me back. Fuck her. This is Sleazy Come Sleazy Go." L.A. Guns

"We're having a great party tonight. You got the Extreme. You got the Jani Lane. You got the Twisted Sister. Everybody's at the party tonight." Steven Percy

"I'm your party master." Steven Percy

"This ain't my party. It's yours." Steven Percy

"Great fucking party, yes?" Steven Percy

"When I say fuck yeah you say what. No don't say what. You say fuck yeah too." Steven Percy

LEZ ZEPPELIN AT
THE TROC IN PHILLY

“I didn't know chicks
could play like
that.”

Seriously? After Heart and Joan and Lita and Doro and Girlschool and King Kobra's Marcie Free? Are we really still having this conversation? How many more times am I going to have to bitch about this? And how mad can I get, really, at the men who hoot and holler as these women take their jackets off? Am I not doing the same thing in my own mind whenever a guy, anywhere, takes his shirt off?

ALL MY FRIENDS WORK IN A CIGARETTE STORE

**Listen up boss lady
I don't need to see you
reverse cowgirl on his lap
while I'm trying to count bills.**

**I don't need to hear
that you used to smoke crack
or that your daughter kisses girls.**

**Please keep it to yourself
that you got gang banged.
I do not want to know that about you.**

**You met a man at bowling
and proceeded to cheat on your
husband with him.**

**Now you are so busy being horny
that you make change wrong.**

**Can somebody please tell me
why the fuck I bother?**
